

VISION: By 2020, the CIAC shall have become a premier world-class airport of the Philippines; the secondary airport of choice, and a competitive aviation services center in the Asia Pacific Region by 2017.

MISSION:

To achieve sustained growth, development, and competitiveness of Clark Civil Aviation Complex, we shall manage and operate world-class air transportation facilities that will provide the highest standards of customer service. We shall ensure the convenience, utmost safety and security of our passengers, while maintaining lasting partnerships with our business stakeholders and supporting the socio-economic development of our host communities.

CORE VALUES:

- Accountability
- Competence
- Excellence
- Integrity
