Section VII. Technical Specifications

Technical Specifications

Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of "Comply" or "Not Comply" must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer's un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidders statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the applicable laws and issuances.

Based on the actual grass cutting and clearing works using equipment and personnel specified, sodded areas of 158.62 hectares shall be cut per month with approximately two (2) inches height or as low as practicable.

The Service Provider is responsible for the clearing, hauling and disposal of cut grass to include the removal of trash and debris as well trimmed branches and shall be disposed of in such a manner as to prevent damage to property, and create unsightly conditions. Disposal area shall be directed by the CIAC-Administrative Department (AD). All necessary permits shall be borne by the Service Provider such as trimming permit, disposal permit and others.

The Service Provider shall ensure that perimeter fence at CIAC premises which includes the Mabalacat Exit and Prince Balagtas area is free from climbing vines and other plants and or/branches for the long life of the fence as well as for safety and security reasons.

Damaged/Collapsed CIAC security fence due to Service Provider’s failure to remove and clear the climbing vines shall be immediately repaired by the Service Provider at their own expense. In the event that the Service Provider fail to commence repair within seven (7) calendar days after being notified of such damaged, CIAC shall, at its option, undertake the corrective work, or have the same undertaken by other Service Provider at the cost and expense of the Service Provider. CIAC shall have the authority to deduct such amount from the Service Provider’s Progress Billing.

Conducts a thorough evaluation of identified uneven ground areas during the implementation of the project and will apply necessary techniques and utilize appropriate equipment and safety protocols.

OPERATING SCHEDULE AND INSPECTION

The Service Provider shall provide a system/methodology of work upon issuance of Notice to Proceed. The Service Provider shall submit a monthly detailed work plan and work time schedule for reference and monitoring. All operations shall be done from 0700H to 1600H (Monday-Saturday). Daily inspection shall be made by CIAC-AD authorized personnel and shall have the authority to direct priority work, point to the Service Provider incomplete/defective works and instruct necessary corrective measures.

METHOD OF MEASUREMENT

Grass cutting shall be measured by hectares (has), and the quantity to be measured for payment shall be the actual number of hectares of area accomplished in accordance with the plans and specifications and accepted by the AD’s representative.

BASIS OF PAYMENT

The quantity as determined in the method of measurement shall be paid for at contract price per hectare for grass cutting and shall be the full compensation for furnishing all labor, equipment, tools, and incidentals to complete the item.
